

DDR-281

Date:

21 FEB 1963

MEMORANDUM TO : Chief, General Procurement Branch

ATTENTION :

SUBJECT : Procurement

REFERENCE : Voucher No. 63-1644

1. Reference requested procurement of a DO-ALL saw, Model 16-3. This memorandum sets forth the features of the saw required by this office which are not present on any other saw known to exist.

2. The saw will be used for sawing metals, plastics, and wood. Therefore, saw blades are extremely vulnerable to breakage. The DO-ALL contains a welding unit, thus permitting the repair of saw blades. In our opinion a considerable sum of money and time will be saved since saw blades do not require replacement as breakage occurs.

3. This office will accept any saw produced by other than DO-ALL, providing that, the welding feature is incorporated in the unit and other features are comparable thereto.

GEORGE C. MILLER
